CUSTOM MADE

## ECCELLENZA ITALIANA DAL 1873

Appiani, storico marchio italiano, rivela l'espressività profonda della materia ceramica trasformata in mosaico, strumento di narrazione estetica, in un processo aperto, continuo, sempre rinnovato.

Fondata a Treviso nel 1873, Appiani crea ceramiche per l'architettura coniugando da sempre ricerca estetica e contenuto tecnologico.

Grazie alla pressatura a secco di smalti e argille, il mosaico ceramico di Appiani risulta essere estremamente resistente ad urti e abrasioni garantendo eccezionali standard di qualità e resistenza, 100% Made in Italy.

Queste caratteristiche rendono il mosaico ceramico estremamente versatile, un vero e proprio tessuto capace di adattarsi ad ogni ambiente domestico: dal bagno alla cucina, fino all'outdoor e alle aree umide come piscine, centri termali e benessere.

## ITALIAN EXCELLENCE SINCE 1873

*Appiani, italian historical brand, reveals the profound expressiveness of the ceramic material transformed into mosaic, a tool for aesthetic narration, in an open, continuous, always renewed process.*

*Founded in Treviso in 1873, Appiani has always been synonymous with ceramics for architecture with advanced technical and aesthetic qualities.*

*Due to the dry pressing of glazes and clays, Appiani's ceramic mosaics are extremely resistant to impacts and abrasions, ensuring exceptional standards of all-Italian quality and durability.*

*Such features make these ceramic mosaics extremely versatile and fabric-like, capable of adapting to any home environment, from the bathroom to the kitchen, and even in outdoor and wet areas such as swimming pools, spas and wellness facilities.*

# DENIM INTRECCI POP

*POP WEAVES*

Iconico, robusto, flessibile, senza tempo. Il jeans, con Denim, è fuori registro, pronto a sorprendere e a diventare una nuova forma di espressione.

Sublimando e aggiornando le caratteristiche uniche che ne fanno da sempre un'icona dello stile, per tutti.

La materia è impressa con una finitura inedita e innovativa, adatta a pavimentazioni e rivestimenti.

L'essenza del filato del jeans è rielaborata attraverso tre decori – Striato, Ondulato, Sfilato – ognuno sviluppato con due diverse varianti, con distinti movimenti e cromie.

A cambiare sono le inclinazioni, il rapporto tra trama e ordito, la regolarità del rigato e degli intrecci.

*Iconic, robust, flexible, timeless.  
Denim takes jeans out of context, in a  
surprising new form of expression.*

*Subliming and updating the unique properties that have  
always made jeans a universal icon of style.*

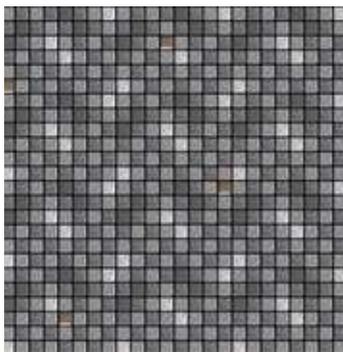

*The material is impressed with an innovative new finish  
suitable for floors and walls.*

*The essence of the yarn used to make jeans is represented  
in three patterns – Striped, Wavy, Rough – each developed  
in two different variants, with different patterns and  
colours.*

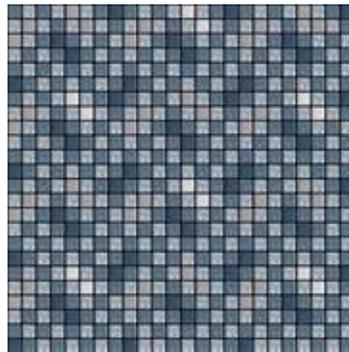

*What changes is the inclinations, the relationship between  
warp and weft, the regularity of the stripes and weaves.*

## GEOMETRIE INASPETTATE

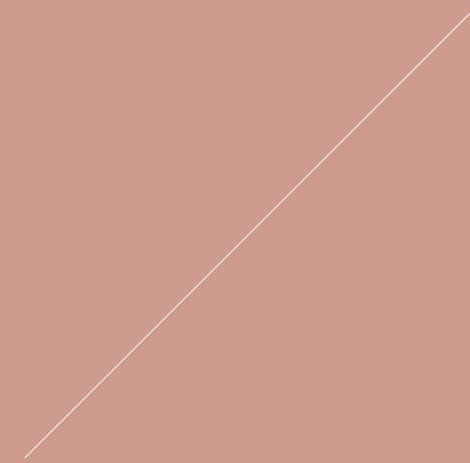

*UNEXPECTED GEOMETRIES*

Lo stile è nell'aria come atmosfera, come concetto prima che come forma. È un design che cerca l'essenza, dal gusto intramontabile.

Esaltazione delle linee, plasticità, cura del dettaglio. Una attenta ricerca del particolare dà vita a Libra, dove gli accostamenti, i contrasti e le armonie nascono da un uso inedito, quasi mascherato, delle geometrie irregolari.

I moduli, accostati in un flusso randomico, generano effetti di chiaroscuri, giochi di luci e ombre. Libra aggiunge una nuova dimensione alle superfici, facendole vibrare sotto l'effetto di leggeri spostamenti.

La **Monopressocottura** consente di ottenere prodotti ceramici dalle caratteristiche pressochè uniche: smalti e argille, precedentemente atomizzati, vengono uniti per compenetrazione mediante pressatura a secco.

*Style is in the air, as an atmosphere,  
as a concept, even before it is given form.  
A design that reinterprets a classic to seek  
out its essence.*

*Attentive study of detail gives rise to Libra, in which juxtapositions,  
contrasts and harmonies are born out of an unusual, almost masked use  
of irregular geometries.*

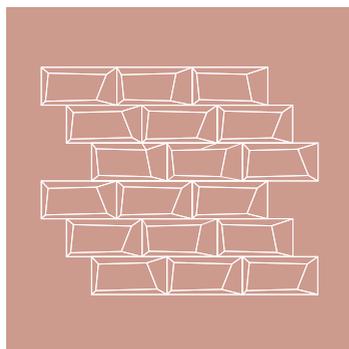

*Modules are randomly combined to create effects of chiaroscuro, light  
and shadow. Libra adds a new dimension to surfaces, make them vibrate  
under the effect of slight shifts.*

***Single press-firing** makes it possible to obtain ceramic products that  
are virtually unique: previously-atomised glazes and clays are combined  
by permeation through dry pressing.*

# CUSTOM MADE NON SMETTERE DI SOGNARE

*CUSTOM MADE  
NEVER STOP DREAMING*

Uno per uno i punti colore scompongono l'idea e la ricompongono in centinaia di tessere ceramiche. L'immagine pensata diventa opera finita. All'infinito.

Le soluzioni Custom Made by Appiani garantiscono estrema flessibilità progettuale e decorativa grazie alla possibilità di infinite combinazioni di finiture, colori e superfici. Ideali per rivestimenti decorati, rappresentano soluzioni valide anche per la realizzazione di pavimenti di grandi o piccole superfici dal forte carattere artistico e architettonico o per il rivestimento di superfici curve o inclinate.

*One by one, the colour dots dissolve the idea and recompose it in hundreds of ceramic mosaic tiles.*

*The image designed becomes a finished work. Infinitely.*

*Appiani's custom-made solutions permit great flexibility in design and decoration with infinite possible combinations of finishes, colours and surfaces. Perfect for decorated wall coverings, they also offer a great solution for creation of floors both large and small of great artistic and architectural value, and for covering curved or inclined surfaces.*

CUSTOM CREATE  
TU PENSI,  
NOI REALIZZIAMO.

## SCUOLA VENEZIANA

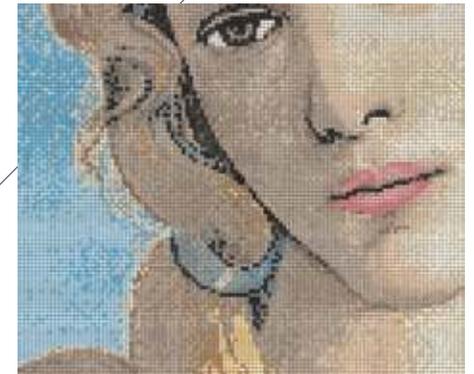

Abbiamo appreso l'arte del mosaico dai maestri veneziani. Una grande industria della ceramica non può prescindere dall'abilità dei suoi artigiani.

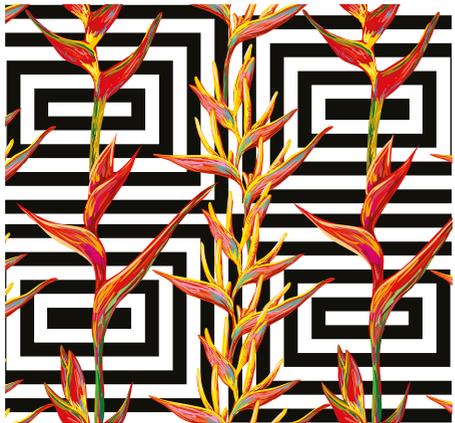

Opere uniche, per la tua unicità.

## VENETIAN SCHOOL

*We learned the art of mosaics from Venetian masters. A great ceramics industry would be nowhere without the skill of its artisans.*

*Unique works for your unique character.*
