NAVAJO

Fatti e dipinti a mano, la Collezione Navajo di Neisha Crosland su piastrelle in terracotta smaltata a finitura opaca anticata li fa sentire come se fossero appena stati scoperti in una rovina. In tonalità terrose, ogni disegno è disponibile in diverse colorazioni, che vanno dal nero e crema fino alla combinazioni di bruno e blu, e nel giallo muschio con i rossi. Eppure, i disegni sono abbastanza puliti, con piccole geometrie che si adattano bene negli ambienti interni sia tradizionali che contemporanei.

Tile Designs Handmade and handpainted, the Navajo Collection of glazed terracotta tiles by Neisha Crosland has unique distressed matt finish that makes them feel as if they have just been uncovered in a ruin. In earthy hues, each design is available in several colourways, ranging from black and cream through to combinations of henna with denim, and mossy yellow with reds. Yet the designs are quite clean with small geometrics that work well in both traditional and contemporary interior schemes.
