# ACCESSORI

Luoghi, personaggi e folklore rivivono attraverso sfumature iridescenti sia su forme tradizionali che innovative creando gemme quotidiane adatte tanto ai gusti più alternativi quanto agli spazi più classici.

Vasi, lumi, complementi per il bagno e piatti come libri di maiolica evocano culture, stili e tradizioni capaci di raccontare e "far nascere storie". Tradizione, mito, folklore e innovazione sono in continua ed incessante fusione.

Una produzione impegnata nella ricerca di soluzioni esteticamente raffinate e innovative nel design e negli effetti cromatici, al fine di garantire un prodotto dalle elevate caratteristiche estetiche e materiali.

Piccoli oggetti d'artigianato, pezzi unici ed opere d'arte consentono di completare in coordinato o in contrapposizione gli ambienti dal perfetto stile Le Nid.

La collezione propone diversi modelli sui quali posso essere riprodotti i numerosi decori dello Studio Le Nid

Places, people and folklore come to life through iridescent hues both on traditional and innovative forms creating daily gems suited to the more alternative tastes and to the more traditional spaces.

Vases, lamps, bathroom complements and dishes are able to evoke cultures, styles and traditions and to tell stories. Tradition, myth, folklore and innovation are in a continuous and incessant merger.

A production always involved in trying out innovative aesthetic solutions as for the design and for the chromatic effects so to obtain a product having the best aesthetic and material characteristics.

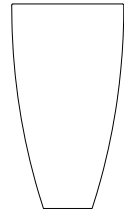

Small craft objects, unique exemplars and works of art allow you to complete in matching or contrasting the Le Nid environments. Studio Le Nid offers many decorations which can be copied on the wide variety of models that the collection proposes.
