PARIS

Alternanza di colori, bianco e nero, ma anche soluzioni decorative più sofisticate realizzate con fiori, greche, fregi, che interpretano le suggestioni dello stile liberty e déco.

Un ritorno che è diventato una vera e propria tendenza con nuove soluzioni stilistiche e cromatiche. Come alternativa al tappeto, per valorizzare una nicchia o il box doccia, per rendere protagonista una zona dell'open space. Con Paris si realizzano delimitazioni degli spazi con una forza estetica senza precedenti.

Color variation, black and white, but even more sophisticated decorative solutions made with flowers, greek fret and friezes, which recall the suggestions of Liberty style and Déco.

A reference point that becomes real trend with new stylistic and chromatic solutions. As an alternative to carpets, to enhance a corner, the shower stall or to refine an open space area.

Together with Paris it is possible to delimit spaces with an unprecedented aesthetic force.

Corsano

SORRENTINA

Superiore alle mode,
agli anni che passano, ai luoghi.

È il mood vintage delle cementine Sorrentina, 20x20 cm,
da abbinare in totale libertà ad altri formati, anche molto grandi
e molto diversi, amplificandone le potenzialità decorative.
Grafiche inedite in cui s'intrecciano trame floreali e motivi
geometrici, i colori del mare con quelli della terra.
È così che la casa ci accoglie e ci rassicura trasmettendoci
il fascino dei ricordi e della tradizione.

The vintage mood of the 20x20 Sorrentine cementines,
careless of fashion, places and passing of time
is freely combinable with other formats,
even larger and different, amplifying
their decorative potential.
Original graphics intertwine floral textures and geometric
patterns, with sea and earth colours.
This is how the house welcomes and reassures us
by transmitting the charm of memories and tradition.
