CLAY

Per l'architettura e il design le resine rappresentano una risorsa progettuale ed estetica, uno strumento per realizzare grandi effetti scenografici ma anche spazi minimali, con versatilità compositiva e materica.

Clay presenta l'effetto spalmatura tipico della resina, con un leggero contrasto lucido su superficie opaca, in una palette dai colori densi, sia caldi che freddi, che vanno dal bianco a tre diverse tonalità di grigio, dal greige al taupe, con l'aggiunta di tre colori dall'anima contemporanea: cotto, senape e blu petrolio, adatti a vestire con personalità ogni tipo di spazio.

For architecture and design, resins are an excellent planning and style resource, ideal for creating grand, striking effects; they're equally suitable for smaller spaces, offering versatility in terms of composition and material.

Clay features the coated effect typical of resin, with a slightly shiny effect on a matt surface, in a palette of dense colours, both warm and cool, ranging from white through three different shades of grey, from greige to taupe, and three colours with a contemporary soul: cotto, mustard and petrol blue, suitable for bringing a touch of character to any setting.

Pour l'architecture et le design, les résines représentent une ressource conceptuelle et esthétique, un instrument pour réaliser non seulement de grands effets scénographiques mais aussi des espaces minimalistes, avec une versatilité de composition et de matière. Clay présente l'effet d'enduit typique de la résine, avec un léger contraste brillant sur une surface opaque, dans une palette aux couleurs denses, aussi bien chaudes que froides, qui vont du blanc à trois tonalités différentes de gris - du greige au taupe - avec l'ajout de trois couleurs à l'âme contemporaine : terre cuite, moutarde et bleu pétrole, adaptées à revêtir avec personnalité chaque type d'espace.

Für die Architektur und das Design stellen die Harze ein planerisches und ästhetisches Mittel dar, ein Instrument, um große spektakuläre Effekte zu schaffen, aber auch minimalistische Räume mit großer Zusammensetzungs- und Materialvielfalt zu gestalten. Clay weist den für Harz typischen Streicheffekt mit einem leichten glänzenden Kontrast auf matter Oberfläche in einer Farbpalette aus dichten sowohl warmen als auch kalten reichhaltigen Farben auf, die von weiß bis hin zu drei verschiedenen Grautönen, vom Greige zum Taupe reichen. Hierzu kommen drei Farben mit zeitgenössischem Esprit - Cotto, Senfgelb und Petrolblau, die geeignet sind, jede Art von Raum mit starker Persönlichkeit zu verkleiden.

Las resinas constituyen, para la arquitectura y el diseño, un recurso estético y de proyecto, un material que permite crear efectos espectaculares pero también espacios minimalistas, con una gran versatilidad matérica y de composición.

Clay presenta el efecto estucado típico de la resina, con un ligero contraste brillante sobre una superficie mate, en una paleta de colores densos, tanto cálidos como fríos, que van del blanco a tres tonos diferentes de gris, del greige al taupe, más otros tres colores de alma contemporánea: terracota, mostaza y azul petróleo, aptos para vestir con personalidad todo tipo de espacios.

对于建筑和设计而言，树脂代表了一种设计和美学资源，是一种在即使空间很小的情况下也能创造强大装饰效果的工具，组合与质感均百搭。

Clay系列具有树脂的典型涂层效果，与哑光表面形成轻微的光泽对比。至于颜色，除了从冷色调和暖色调的浓色（包括白色以及从灰米色到灰褐色等三种不同的灰色调）外，还增添了三种时尚颜色：赤陶色、芥末色和汽油蓝色，适合于装饰任何类型的空间，打造个性独特的风格。

PERFORMA

TECHNOLOGY

Mirage PERFORMA è la tecnologia in grado di unire alle prestazioni più elevate il massimo grado di ricerca estetica.

Le lastre Mirage PERFORMA si caratterizzano infatti per un effetto particolarmente morbido al tatto, garantendo un elevato coefficiente di scivolosità.

Mirage PERFORMA is a technology able to combine top performance with the very best in style research.

The hallmark of Mirage PERFORMA slabs is their particularly soft, smooth feel, with high slip resistance ratings.

ADVANTAGES/VANTAGGI

La superficie delle collezioni PERFORMA è particolarmente morbida e vellutata al tatto.

The surface of the PERFORMA collections are particularly soft and smooth to the touch.

PERFORMA garantisce un'elevata resistenza allo scivolamento, con coefficiente di scivolosità R10 A+B.

Performa guarantees excellent slip resistance, with a R10 A+B rating.

Nessuna rinuncia nell'estetica, che rimane ricca e dettagliata.

And the style remains richly detailed.
