THE ARTCERAM É UN MARCHIO
IN CONTINUA EVOLUZIONE: PRODOTTI
ORIGINALI, FRESCHI E AMBIZIOSI,
UNITI DA SPIRITO DI INNOVAZIONE,
E CURATI DA GIOVANI DESIGNERS,
CON QUEL “THE” IN PIÚ.

THE.ARTCERAM

THE ARTCERAM IS AN EVER-EVOLVING
TRADEMARK: ORIGINAL PRODUCTS,
FRESH AND AMBITIOUS,
UNITED BY THE SPIRIT OF INNOVATION
AND DEVELOPED BY YOUNG DESIGNERS
WITH THAT PARTICULAR “THE”.

Cultura imprenditoriale basata sul made in Italy, responsabilità sociale, attenzione ai dettagli, cura delle relazioni con la pluralità dei suoi interlocutori sono i valori che Artceram pone al centro della sua strategia di produzione e di crescita.

Dalla ridefinizione delle linee di produzione a quella degli orari di lavoro, modificati per una migliore qualità di vita dei lavoratori, fino all'utilizzo di nanotecnologie e materie prime purissime per il risparmio idrico, tutto converge alla realizzazione di prodotti portatori di qualità. Prodotti che comprendono bellezza e ricerca tecnologica, design e cura delle lavorazioni manuali, capaci di dettare mode e tendenze.

UNA STORIA DI INNOVAZIONE

Business mentality based on a “made in Italy” concept, social responsibility, care of details and respect for relationships with its interlocutors: these are the fundamental values of Artceram’s production strategy and growth policy.

Enhanced production lines, revised working hours to improve workers’ quality of life, use of nanotechnology and water-saving raw materials that are extremely pure are the factors that lead to the making of high-quality products. Elegance and technological research, design and respect for manual work characterize Artceram trend-making products.

IN UN CONTESTO SPERIMENTALE,
SI COLLOCA THE.ARTCERAM VILLAGE,
CHE RACCONTA IL “MONDO” ARTCERAM
PROMUOVENDO ARTE E TERRITORIO,
IN MODO CREATIVO E RIGOROSO,
A TRATTI PERFINO DISSACRATORIO.

ESTRO E FILOSOFIA

THE.ARTCERAM VILLAGE IS PLACED
IN AN EXPERIMENTAL CONTEXT
AND DEPICTS THE “ARTCERAM’S WORLD”
BY CREATIVELY AND RIGOROUSLY
PROMOTING ARTISTRY AND TERRITORY
EVEN IN A DESECRATING WAY.

Artceram crede fortemente che l'impresa oggi abbia nuove responsabilità sociali, nei confronti del territorio e della comunità. La comunicazione unidirezionale non basta più e l'azienda vuole avere una relazione diretta ed empatica con chi entra in contatto con il suo mondo. Per questo, The.Artceram Village, nuova forma di mecenatismo contemporaneo e internazionale dal carattere fortemente umanistico, è come una vera e propria "casa" per coloro che si riconoscono nei suoi valori e nella sua identità. In quest'ottica, attraverso The.Artceram Village, l'azienda organizza e promuove attività ed eventi, contribuendo a creare cultura e a sviluppare un legame sempre più forte con il brand.

THE.ARTCERAM VILLAGE

Artceram believes that a modern-day company needs to have social responsibility towards the territory and communities. One-way communications don't work anymore so the main goal of this company is to create direct and empathic relationships with anyone that gets into its world. That's why The.Artceram Village – a re-shaped contemporary, international patronage with a strong liberal flavour – is like a "home" for those who identify themselves in its values and particular character. Through The.Artceram Village we organize events and activities so contributing to create culture and continuously strengthen people's passion for the brand.

The.Church

In uno spazio di oltre 550mq,
lo showroom Artceram è ricavato
da un'antica chiesa di Frati
Cappuccini del 1577.

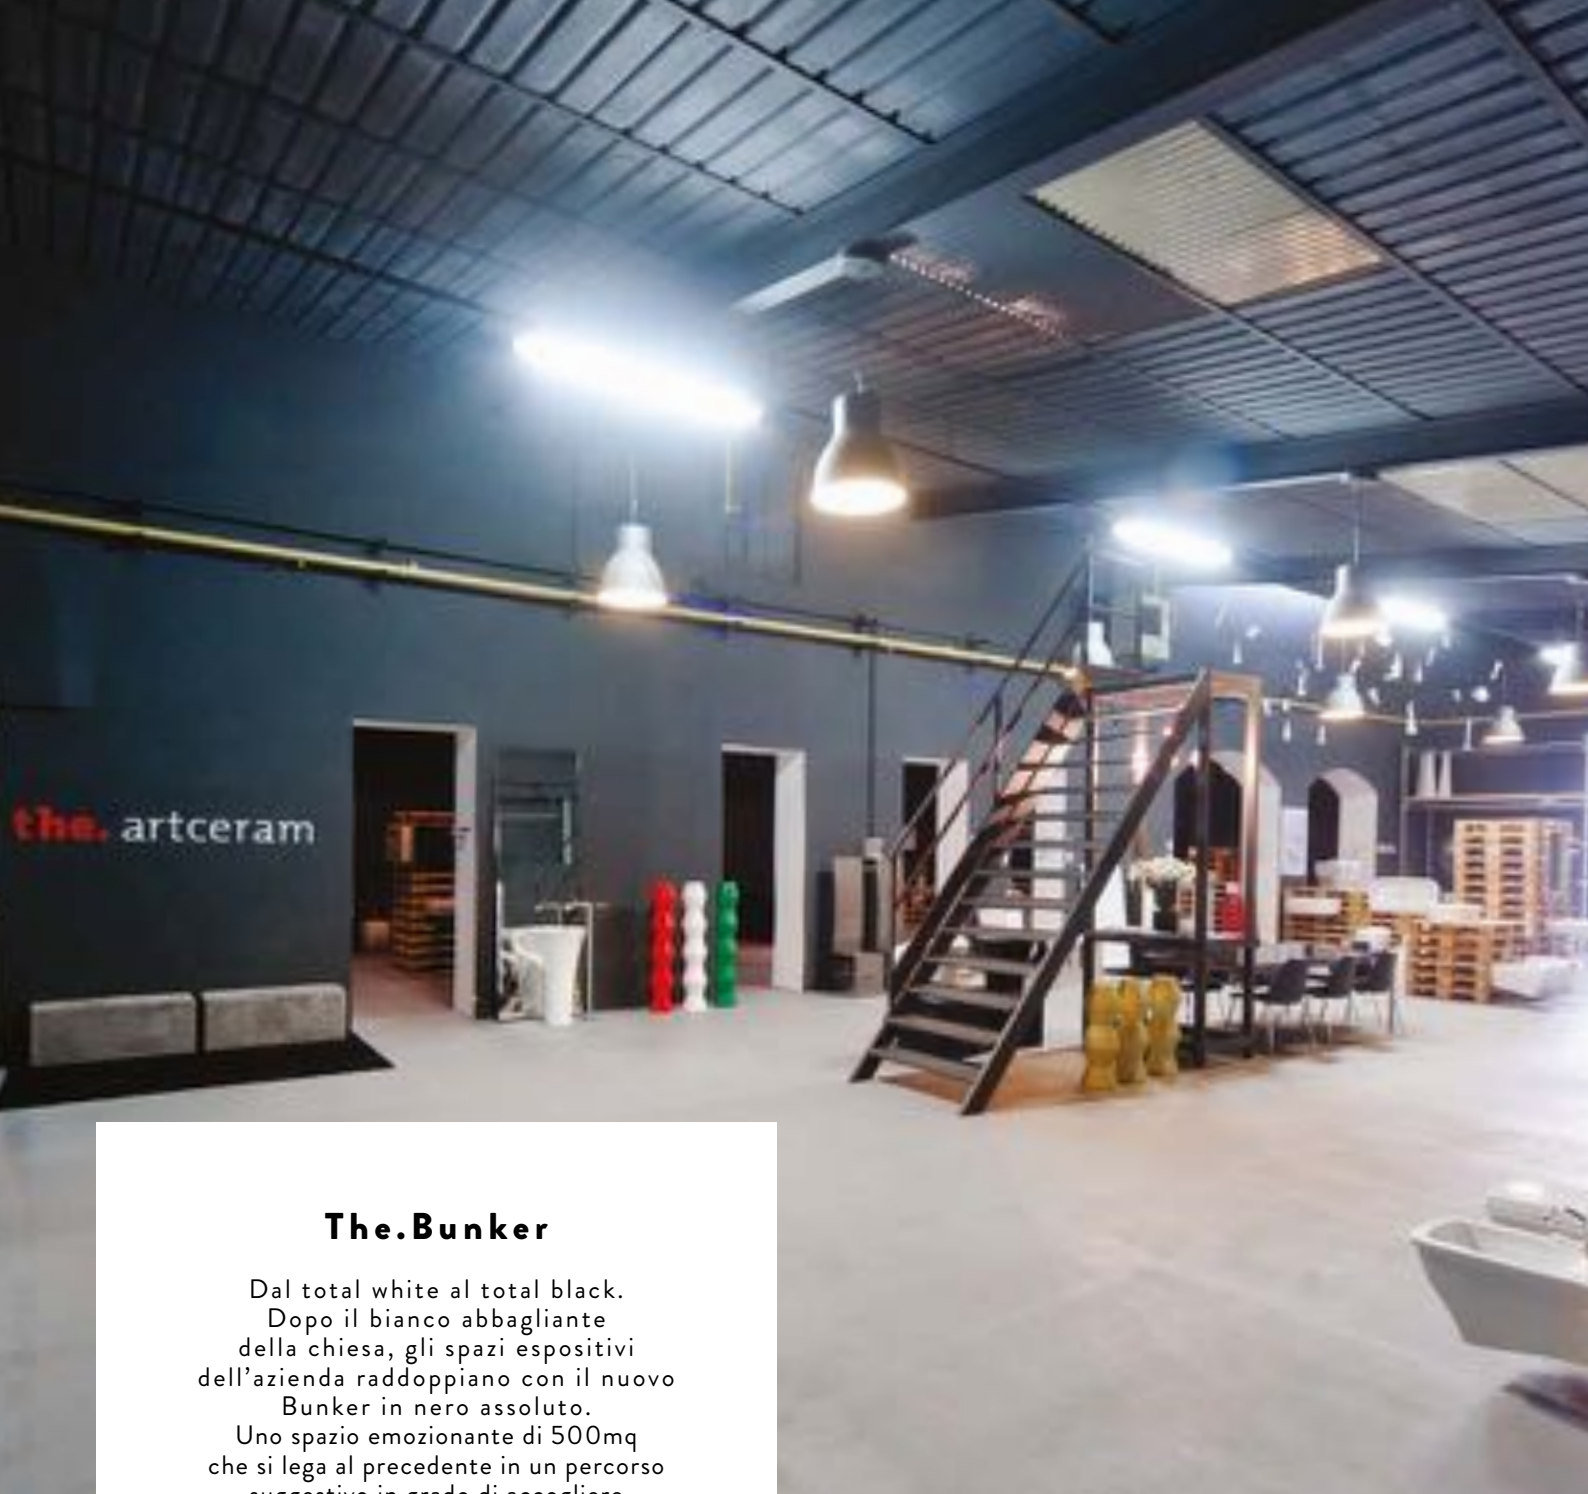

Un luogo suggestivo nato
da una visione aziendale curiosa
e intraprendente che nella
valorizzazione del territorio
e della sua cultura individua la carta
vincente per portare
il suo Made in Italy nel mondo.

The 550 square meter showroom
located inside an old Church built
in 1577 by the Order of Friars Minor
Capuchin is a fascinating place
conceived by a curious and ingenious
company mission that makes
of the enhancement of territory
and culture its key to success
in exporting the "Made in Italy"
concept worldwide.

The.Bunker

Dal total white al total black.
Dopo il bianco abbagliante della chiesa, gli spazi espositivi dell'azienda raddoppiano con il nuovo Bunker in nero assoluto.
Uno spazio emozionante di 500mq che si lega al precedente in un percorso suggestivo in grado di accogliere e raccontare prodotti e storie.

From total white to total black. In addition to the shining whiteness of the church, the showroom area of Artceram has doubled with the creation of the Bunker in total black. A 500 square meter exciting place emotionally linked to the other showroom by a charming itinerary that contains products and tells stories.

The.Garden

Il bianco immacolato della facciata della chiesa si affaccia sul verde del prato, dove elementi iconici black&white e silhouettes femminili in metallo si ergono come totem metropolitani contribuendo a creare l'atmosfera accogliente di questa fabbrica dal volto umano.

The immaculate whiteness of the church façade overlooks the greenness of the grass where iconic elements in black&white and the women silhouettes soar like city totems and contribute to the warming atmosphere of this company with a human touch.

The.Loft

Nel segno del recupero di ogni ricchezza presente, The.Loft, uno spazioso e luminoso ufficio, quasi una serra incastonata nel giardino, frutto della trasformazione di una ex officina di pneumatici, diventata ambiente gradevole e funzionale, che di notte si illumina, brillando come un vero e proprio gioiello sul giardino.

The.Loft – a sign of wealth restoration – is a roomy and bright office similar to a greenhouse set in the garden. Once a tyres shop, now it’s been changed into a functional and pleasant environment that lights up and shines as a jewel when the night comes.

Designed by Meneghello Paoelli Associati

Il lavabo sospeso TT disegnato da Meneghello Paoelli Associati riprende la caratteristica forma della trave a doppia T utilizzata in architettura per la costruzione di edifici, un riferimento all'idea che tutto il materiale esplica la sua resistenza sotto sollecitazione. Due ali a facce esterne parallele, sono collegate con un'anima perpendicolare: una faccia della T è agganciata a muro, mentre l'altra forma il bordo frontale del lavabo. Il lavabo è in Livingtec, cm 90x40. E' possibile posizionare il rubinetto a muro o in appoggio sul piano laterale. Il lavabo si completa con l'aggiunta di accessori posizionati sopra, sotto e frontalmente: ganci, barra porta asciugamani e tavoletta di legno che funziona come punto di appoggio spostabile sui bordi del lavabo.

The TT wall-hung washbasin, designed by Meneghello Paoelli Associati, reminds of the typical shape of the double-T beam used when building edifices and refers to the idea that any material shows its resistance under stress.

Two external and parallel wing-like shapes are connected by a vertical core: one face of the T is fixed to the wall while the other forms the frontal rim of this 90x40cm washbasin made in Livingtec.

The faucet can be placed on the wall or on the side of the washbasin. Various accessories can be placed on top, underneath or frontally: hooks, a towel bar and a supporting wooden tray that can move along the rims.

SURF

Designed by Meneghello Paoelli Associati

Surf è il primo radiatore in ceramica, disegnato per The.Artceram da Meneghello Paoelli Associati, realizzato in collaborazione con l'azienda Ridea che ha condiviso il know-how per le resistenze interne del corpo riscaldante. Un corpo essenziale in ceramica con una superficie frontale morbida e fluida che può posizionarsi in verticale oppure in orizzontale, diventando una piccola mensola in ceramica. Il radiatore viene accompagnato da un sistema di accessori che completano la funzionalità: un gancio e una barra metallica per appendere accappatoio e salviette. Un corpo scaldante coordinato agli altri elementi ceramici della zona bagno, dalle forme contenute, che richiama l'idea di leggerezza e praticità.

Surf is the first ceramic radiator designed for The.ArtCeram by Meneghello Paoelli Associati realized in partnership with Ridea which shared their know-how concerning the internal resistance of the radiator.
Surf is characterized by a an essential ceramic shell with soft and smooth lines and can be placed vertically and horizontally as a ceramic shelf.
Surf can be equipped with accessories that exalt its practicality: a hook and a metallic bar where towels and robes can be hanged.
Surf is a compact heating body that goes harmoniously with the other ceramic elements of the bathroom and recalls the idea of lightness and practicality.

IL CAVALLETTO

Designed by Meneghello Paoelli Associati

Artceram negli ultimi anni ha fatto della zona lavabo il suo focus strategico, sperimentando modi originali per integrare le varie funzioni che caratterizzano quest'area: lavabo, rubinetteria, piano d'appoggio, contenitori, mensole, luce, specchio. Con Il Cavalletto assistiamo ad una piccola rivoluzione del mobile bagno. Fino ad ora il piano del lavabo é sempre stato concepito come un'area bidimensionale, base d'appoggio per lavabo, rubinetti ed accessori vari.

Il Cavalletto mette in linea tutti gli elementi, disponendoli in fila indiana su di una barra di ceramica sorretta da due cavalletti di legno.

Artceram always experiments original solutions to expand the functionality of the washbasin area, mixing in different ways the different functions (basin, taps and fittings, shelves, towel rails, light, mirror, ...). Il Cavalletto represent a small revolution in bathroom furniture, expanding the functionality of bathroom furnishing elements, re-arranging them into a small space. All the elements are aligned along a 16 cm deep ceramic bar supported by two wooden trestles. The elements can be moved along this line. The washbasin is placed at the center, with the faucet that can be placed on the right or the left (or on the wall). The ends of the bar contain a small ceramic shelf and Kelvin LED table lamp, co-branded with Flos with adjustable head and the switch located in the head.

SOTTO SOPRA + UP

Designed by Meneghello Paoelli Associati

Sotto Sopra risponde alla necessità di reinterpretare in modo nuovo l'elemento accessorio nella zona bagno, pensato non più come elemento funzionale singolo ma come un unico modulo strutturato multifunzionale, complementare alla ceramica sanitaria e accessibile a seconda delle esigenze degli ambienti in cui è integrato. Sotto Sopra si presenta come una barra ceramica multifunzionale da cui escono in modo fluido gli accessori. All'interno dell'ambiente bagno una o più barre in ceramica possono essere posizionate singolarmente, affiancate oppure sovrapposte in un'unica colonna con una disposizione particolarmente utile nel caso di bagni di piccole dimensioni. Nascono diverse possibilità di combinazione a seconda che le funzioni accessorie siano legate all'utilizzo dei lavabi, dei sanitari, della doccia oppure siano inseriti come semplici elementi decorativi del bagno. La barra di ceramica può essere accessoriata con portasalviette, dispenser per sapone, sede per phon o profumatori per ambiente, portavasi, portarotolo, portascopino.

Sotto Sopra responds to the need to reinterpret the accessory element in the bathroom area. It has been conceived and designed not as a single functional element but as a single multi-functional structured module, complementary to sanitary wares and accessorized according to the needs of the environment in which it is integrated. Sotto Sopra is a multi-functional ceramic bar from where accessories smoothly come out. One or more bars can be positioned individually, side by side or one on top of the other to form a column, this last option being particularly useful for bathrooms of small dimensions. Sotto Sopra can be differently combined depending on how its functions relate to the use of washbasins, sanitary wares, shower or if used as simple decorative elements in the bathroom. The bar can be equipped with ceramic towel bars, soap dispensers, as a place for hair dryer or fragrances to infuse your surroundings, pot holders, toilet roll holders and toilet brush holders.

DROP

Drop è come una goccia d'acqua che scivola lungo la parete lasciando un'impronta nella ceramica. È un orinatoio molto stretto ed alto, concettualmente diverso dai soliti sistemi poiché occupa uno spazio limitato. Una fascia parallela al muro che scende e si piega nella parte del bacino. La vasca che si viene a creare è come una cucchiata scavata nel materiale. Le placche a muro permettono di creare una struttura stabile, senza comunque compromettere l'estetica del prodotto.

Drop as a water drop that slides down along the surface and leaves a footprint in the ceramic. A very tall and narrow urinal that takes up less room in the bathroom, very different from all the other urinals. The bowl is like a spoonful on the material.

NAKED SYSTEM

Designed by Meneghello Paoelli Associati

Naked é un lavabo a bordo fino che nasce come estremizzazione e virtuosismo nella lavorazione della ceramica. Un lavabo utilizzato come vasca di grandi dimensioni in cui tutta l'ampia superficie diventa catino contenitivo.

Per Naked sono stati creati Slitta e Trapezio due mobili bagno "nudi", che lasciano a vista il telaio realizzato in legno rovere, rovere sbiancato e wengé. Un progetto che richiama la linearità, l'eleganza e l'essenzialità del design scandinavo. I due telai hanno un ampio piano di appoggio e una barra portasalviette in legno.

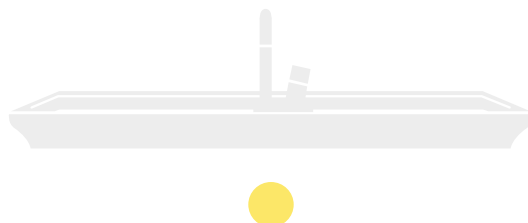

Naked is a washbasin which represents an extreme result in the ceramic process, thanks to its thin rim. It can be used as a sink of wide dimensions for its large basin.

For this item, we have created two "naked" bathroom furnitures Slitta and Trapezio with an "open" frame in oak, whitewash oak and wengé. A project which reminds the essentiality, the elegance and the simplicity of the Scandinavian design. The two frames have a wide shelf and a wooden towel bar.

CUP

Designed by Meneghello Paoelli Associati

Una citazione leggera, il lavabo centrostanza Cup é un ironico omaggio alla tazzina da caffè, icona italiana per eccellenza, espressione di un quotidiano normale dove il manico della tazza diventa un “utile” porta salviette.

Un chiaro riferimento alla Pop Art che attinge provocatoriamente i propri soggetti dall’universo dell’uso e del consumismo quotidiano. Realizzato in Livingtec, nelle finiture bianca lucida o bicolore bianco&nero.

A light citation, Cup is a freestanding washbasin, an ironic tribute to the coffee cup, the Italian icon for excellence. The handle of the cup becomes a “useful” towel rail.

A clear allusion to Pop Art, which taps into its provocative subject from the universe of consumerism. Cup is made of Livingtec in white colour, or in black and white gloss finish.

SHARP

Designed by Meneghello Paoelli Associati

Sharp nasce come elemento architettonico, una colonna estrusa, messa in torsione e sfaccettata. È un progetto formalmente rigoroso, freddo e tagliente.

La rotazione del catino rispetto alla base crea una rete di punti attraverso i quali vengono costruite le otto superfici triangolari che compongono la struttura.

Sharp può essere utilizzato sia freestanding, con scarico a terra che appoggiato a parete, con scarico a muro. Il lavabo è infatti studiato in modo tale che la sfaccettatura posteriore sia complanare alla parete, consentendo così il perfetto accoppiamento lavabo-parete. La vasca completa le sfaccettature delle pareti, facendole convogliare verso lo scarico dell'acqua.

Sharp è realizzato in Livingtec nella finitura bianca lucida.

Sharp is an architectural element, an extruded column that makes a twist and splits into faces. It is a rigorous, cold and sharp washbasin. The rotation of the basin from the base creates a network of points through which the eight triangular surfaces that compose the structure are created. Sharp may be used free-standing, with the drain on the ground, and back to wall, with the drain on the wall. The design of the basin allows the back face to be parallel to the wall.

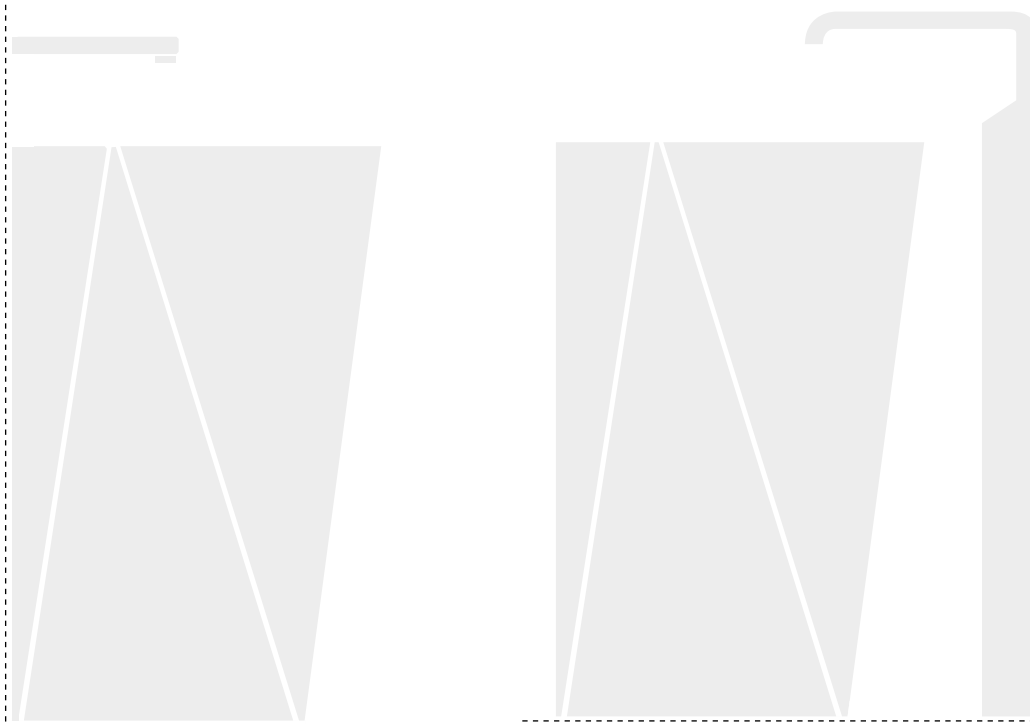

Sharp is made of Livingtec available in white gloss finish.

Sharp arrangements with respect to the wall

lavabo a muro
back to wall washbasin

lavabo centrostanza
freestanding washbasin

The image shows a modern bathroom interior. Two white, angular pedestal sinks are the central focus, each with a sleek, chrome faucet. The wall behind them is covered in black, hexagonal tiles with a honeycomb pattern. To the left, a blue towel is draped over a white cylindrical object. To the right, another blue towel is folded on top of the second sink. In the foreground, a dark circular tray holds a white soap dispenser, a bar of white soap, and a white paper towel. A dark rug with a circular white patch is visible in the bottom right corner. The overall aesthetic is clean, minimalist, and contemporary.

MISS

Superfici morbide, sinuose e avvolgenti caratterizzano Miss, lavabo d'arredamento centrostanza. Miss è un prodotto estremamente ergonomico che accompagna il corpo umano nell'atto di lavarsi. La superficie frontale nasce dal basso generando un invito per i piedi e si sviluppa per tutta l'altezza del prodotto modellandosi a cucchiaio nel catino, con un unico movimento fluido e dinamico.

Il lavabo centrostanza Miss è realizzato in Ictek light e prevede lo scarico a pavimento o a parete.

Smooth surfaces, sinuous and curvaceous depict Miss the freestanding washbasin.

Miss is an extremely ergonomic product that compliments the human body whilst washing. The front surface emerges from the bottom welcoming the feet and it develops for all its height shaping like a spoon with a flowing and dynamic unique movement. Fabricated in Ictek light it supports wall or floor flush system.

WIRE

Wire non è un classico lavabo mono-materico in ceramica, ma una composizione di due elementi distinti: la vasca, utilizzabile anche separatamente come lavabo d'appoggio, e la colonna portante, alleggerita dalla sua massa grazie ad una struttura di tondini metallici. La base è realizzata tramite la rivoluzione di 18 tondini che vengono percepiti come elementi sovrapposti, si ha così l'illusione ottica di una maglia.

Wire is not a one-piece freestanding washbasin, but a combination of two elements: the basin, that can be used as a countertop basin as well, and the column, made up from a circular array of 18 steel rods that gives the optical illusion of a meshwork.

THE ONE

Designed by Meneghello Paoelli Associati

The One rappresenta un nuovo step evolutivo nel comparto della ceramica sanitaria. Bordo fino, assenza di brida e sedile senza cerniere rendono i sanitari unici e innovativi. La tecnologia rimless permette di togliere la camera ceramica e di ridurre il bordo al minimo. Segno distintivo di The One è il sedile senza cerniere (patent pending), incassato nel corpo ceramico. La tecnologia Wood-Skin® permette infatti di ricavare la copertura del wc dalla fresatura di un'unica lastra ad alta resistenza e ultrasottile, di soli 10mm. Lo sgancio è rapido, l'igiene totale. Il sedile incassato e continuo fino a parete evidenzia il bordo fino anche da chiuso, per un'estetica minimale e pulita, perfettamente coordinata al bidet. Arricchisce la collezione la consolle a bordo fino, caratterizzata da una linea elegante e morbida, forme minimali e dimensioni contenute. La superficie superiore del lavabo diventa, mediante un sottile canale dedicato, base di appoggio per due lastre distinte in tecnologia Wood-Skin®, che si srotolano al centro creando una superficie piana adatta ad appoggiare oggetti, modificando estetica e funzioni. Una modulazione flessibile degli elementi permette una copertura totale oppure parziale, lasciando i piani di appoggio laterali.

“The One” represents a new evolutionary step in the ceramic field. Rimless, thin-rim, small in size and an inset seat cover with no hinge system make this collection absolutely revolutionary and unique. Without the rim, this technology allows the elimination of the ceramic chamber and the reduction of edge resulting in a bigger bowl in same dimensions. The hallmark of “The One” is its hingless seat cover (patent pending) which is built into the slim rim. The Wood-Skin® technology allows the creation of the seat cover through the milling of a unique sheet, highly resistant and only 10mm slim. Easy take off seat, total cleaning.

The inset seat cover highlights the thin rim even when closed, respecting the formal simmetry with the bidet. The collection The.One becomes enriched through the introduction of a new thin-rim Consolle characterized by elegant and soft lines, minimal shapes and contained dimensions. A special aesthetical device on the surface of the basin allows a combination of two ultra-resistant-thin sheets by Wood-Skin® technology to be mounted. These sheets can be unfolded creating a flat surface – where objects can be laid - that modifies the whole aesthetics and functionality of the basin. The unfolding of the sheets can be flexibly modulated leaving the lateral surfaces partially or totally covered.

THE FIRST EDGELESS RANGE

EDGELESS

Prima serie di sanitari a bordo fino con estetica unica ed innovativa depositata (004106912-0001 e 0002) e bacino più grande a parità di dimensioni.

First-ever series of thin rim sanitary-ware with a unique and revolutionary patented aesthetics (004106912-0001 e 0002) and bigger bowl in same dimensions.

dimensione approssimativa bacino standard
rough dimensions of standard bowl

EDGELESS + RIMLESS WC

RIMLESS

La tecnologia rimless, con la conseguente eliminazione della brida, permette di togliere la camera ceramica e ridurre il bordo al minimo, ottenendo un'estetica ancora più minimal.

Without the rim, this technology allows the elimination of the ceramic chamber and the reduction of edge for enhanced minimal and clean aesthetics.

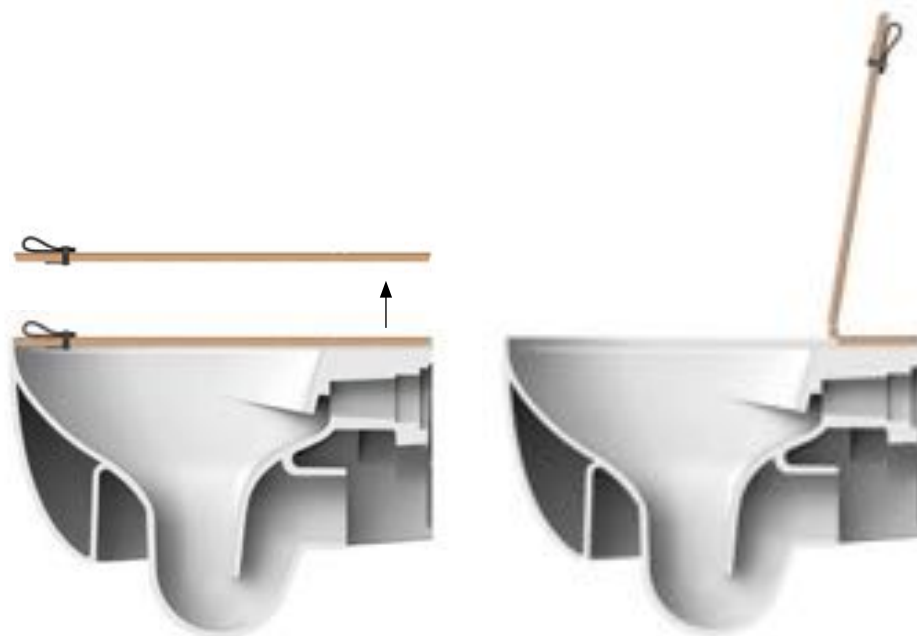

HINGELESS SEAT

HINGELESS

patent pending

La tecnologia Wood-skin® permette di ricavare il sedile dalla fresatura di un'unica lastra composta da due strati di materiale (PMMA e HPL / tranciato legno) inframezzati da un tessuto polimerico tecnico ad alta resistenza (resistenza a trazione ~50N/cm).

The Wood-skin® technology allows the creation of the seat cover through the milling of a unique sheet composed of two external layers (PMMA and HPL / multi-laminar wood veneer) with another highly resistant polymeric layer between them (traction resistance ~50N/cm).

POSTIT

Designed by Meneghello Paoelli Associati

La collezione Postit é caratterizzata dal materiale, la ceramica, e dal mimetismo delle linee con le pareti: una parte dell'accessorio sembra infatti scomparire nel muro lasciando la sensazione che sia incassata al suo interno. Gli accessori non sono piú oramai un semplice complemento "accessorio" da aggiungere alla fine, ma sempre piú sono parte integrante del progetto, inglobati perfettamente con la struttura architettonica del bagno.

The collection is characterized by ceramics and mimetic lines with respect to the wall: one part of the accessory seems to disappear into the wall leaving the impression that it is dropped in it. The accessories are no more considered as simple "incidental" items but they become more and more the core of the project, blending harmoniously with the architectural structure of the bathroom.

LIVINGTEC / MATERIAL

CARATTERISTICHE, USO E MANUTENZIONE

È prodotto con un materiale compatto la sua composizione é a base idrato di allumina e una bassa percentuale di resina poliestere acrilica materiale piacevole al tatto, la sua omogeneità e brillantezza, il nero la raggiunge totalmente grazie ad un trattamento a spruzzo, prodotto da trattare con cura ed attenzione.

CONSIGLI PER LA PULIZIA

Lavare la superficie dei lavabi esclusivamente con prodotti neutri liquidi. Per riassicquare e asciugare usare: spugne non abrasive, panni morbidi o pelle di "daino".

COSE DA NON USARE

Pagliette d'acciaio, prodotti anticalcare e prodotti contenenti acidi.

TUTTI GLI ARTICOLI IN CATALOGO SONO IN FINITURA LUCIDA

CHARACTERISTICS, USE AND MAINTENANCE

The livingtec is a compact, not porous material. Its composition is based on hydrate of alumina and a small percentage of resins polyester acrylic, a material pleasant to the touch. This material is so uniform and bright thanks to a spray-treatment. Please, take care and attention.

CLEANING ADVICES

Wash the surface only with fluid neutral products; to remove soap and dry, use only not-pot scourers, soft clothes or deerskin.

DON'T USE FOR CLEANING

Wire wool, anti-limestone products and acid products.

ALL PRODUCTS IN CATALOGUE ARE IN GLOSS FINISH

LEGNO - WOOD/MATERIAL

CONDIZIONI GENERALI DI VENDITA

DISPOSIZIONI GENERALI

Le presenti condizioni di vendita e di consegna si intendono integralmente accettate dal Committente con il conferimento dell'ordine o con il ritiro dei materiali. Vengono respinte le eventuali condizioni generali di contratto del Compratore.

ACCETTAZIONE ORDINI

Gli ordini sono da intendersi subordinati all'accettazione di Artceram.

PREZZI

I prezzi possono essere variati senza nessun preavviso e si intendono pattuiti secondo i listini in vigore al momento della consegna. I prezzi contenuti nel presente listino sono da intendersi franco fabbrica e IVA esclusa.

PAGAMENTO

I termini di pagamento si intendono tassativi e decorrono dalla data di fatturazione. I pagamenti devono essere effettuati direttamente ad Artceram presso la sua sede. Hanno effetto liberatorio solo i pagamenti in contanti. Ogni altra forma di pagamento (assegni di c/c, circolari, vaglia, cambiali, tratte, ecc.) resta a completo rischio, pericolo e spesa del Committente e, ove accettata, salvo buon fine. Qualsiasi ritardo imputabile al Committente o qualsiasi contestazione sorgesse fra le parti, anche relativamente alle garanzie concesse, non produrrà alcun prolungamento o modifica nei termini dei pagamenti convenuti ed ogni azione ed eccezione del Committente non sarà ritenuta procedibile, se lo stesso non proverà di essere in regola coi pagamenti. Nel caso di mora in qualsiasi pagamento potranno essere sospese ed annullate le forniture in corso. Decorso il termine di pagamento stabilito in fattura senza che ne sia avvenuto il regolamento, Artceram avrà la facoltà di emettere tratta a vista per l'ammontare dell'intero credito aumentato delle spese. L'eventuale ritardo nel pagamento comporterà l'addebito di interessi al tasso corrente di mercato, aumentato del 2%. Nel caso di inosservanza di uno dei termini di scadenza anche tutte le altre fatture del venditore saranno immediatamente esigibili. L'esigibilità di tutte le fatture si verifica anche nell'ipotesi in cui il venditore venga a conoscenza di altre circostanze che lascino temere una cattiva situazione finanziaria del compratore (per esempio: emissione di assegni scoperti, cambiali protestate, procedimenti di sequestro, ecc.).

TERMINI DI CONSEGNA, RITARDI O IMPEDIMENTI DI FORNITURA

Allorché viene indicato un termine di consegna, questo ha valore semplicemente informativo e non impegnativo, essendo subordinato a qualunque imprevisto. La consegna della merce si intende eseguita con la messa a disposizione della merce presso il nostro stabilimento di Civita Castellana (Italia). Interruzioni di lavoro conseguenti a cause di forza maggiore dispensano Artceram dall'osservare il termine di consegna indicato, senza peraltro dare diritto al Committente di esigere risarcimenti dovuti a danni di qualsiasi natura. La merce dovrà essere sempre ritirata dal Committente e non dovrà essere in ogni caso lasciata giacente. Le eventuali spese di giacenza, magazzino, ecc. saranno comunque a carico del Committente.

TRASPORTO

Salve condizioni particolari, la merce è venduta franco nostro stabilimento ed in ogni caso viaggia a rischio e pericolo del Committente anche se resa franco destino. Sono consentite forniture parziali e anticipate. Il trasporto è a carico del Committente. Le spedizioni avvengono per conto ed incarico del Committente, il quale, in caso di avarie, rotture o ammanchi, deve notificarlo alla nostra azienda, tramite il vettore, al momento della consegna. La merce consegnata rimane di riservato dominio della venditrice fino all'avvenuto pagamento. I termini di consegna si intendono sempre indicativi ed in relazione alle possibilità del momento. Non si assume nessuna responsabilità per ritardi o mancate consegne per fatti o atti indipendenti dalla nostra volontà ed eventuali richieste di risarcimento danni per ritardi di consegna non saranno accettati.

IMBALLAGGIO

L'imballaggio viene effettuato in pallets e retraibile. Il costo dell'imballaggio è a carico del Committente, salvo patto contrario risultante dalla conferma d'ordine. A parziale recupero delle spese di imballo viene addebitato il 3%.

RESPONSABILITÀ

Artceram non dá garanzie circa l'impiego errato o inadatto della merce fornita e pertanto nessuna responsabilità potrà essere attribuita a qualsiasi titolo e nessun indennizzo potrà essere richiesto. Qualora il materiale risultasse difettoso per vizi di fabbricazione riconosciuti a seguito di accertamenti tecnici, Artceram si riserva di sostituirlo o di accreditare il valore qualora più conveniente procedere alla sua distruzione in loco. In nessun caso la responsabilità di Artceram può estendersi ai danni diretti e indiretti che dovessero derivare dalla posa in opera del materiale difettoso.

RECLAMI

Non si accettano reclami di nessun genere trascorsi otto giorni dal ricevimento della merce. Eventuali reclami dovranno essere fatti a mezzo lettera raccomandata entro tale termine. In ogni caso nessuna contestazione verrà accettata per materiali già posti in opera.

CARATTERISTICHE TECNICHE E COLORI

Artceram si riserva la facoltà di modificare le caratteristiche al fine di migliorare tecnicamente ed esteticamente il prodotto o sospendere la produzione dei modelli in qualsiasi momento senza preavviso. Pesi e misure sono da considerarsi indicativi. Le misure di installazione, riportate nei cataloghi, possono presentare differenze rispetto ai pezzi reali in considerazione delle peculiari caratteristiche di fabbricazione degli articoli in ceramica.

FORO COMPETENTE

Qualsiasi controversia fra Artceram e il Committente sarà di competenza soltanto del Foro di Viterbo (Italia), esclusa qualsiasi altra deroga, anche nel caso di chiamata in giudizio per garanzia, connessione, contingenza di lite.

GENERAL SALES CONDITIONS

GENERAL CONDITIONS

The present conditions of sale and delivery are considered as fully accepted by the Purchaser upon the order or the collection of the goods. Any general conditions of sale of the Purchaser are rejected.

ACCEPTANCE OF ORDERS

The orders are anyway subject to the prior consent of Artceram.

PRICES

Prices may be charged without notice and are agreed according to the price list in force on delivery. The prices of the present price list are meant ex factory and don't include V.A.T.

PAYMENT

Payment terms must be strictly respected starting from the invoice date. Payments should be made directly to Artceram at its headquarter. Only cash payment will free from the debt. Any other form of payment (current account cheques, bank draft, money orders, bills, draft and so on) is accepted under reserve and remains at the Purchaser's risk, peril and expenses. Any delay caused by the Purchaser or should any dispute arise between the parties as to the guarantees granted will not result in an extension or change of the terms of payment agreed upon and any Purchaser's action and exception will not be considered as prosecutable if the Purchaser does not prove to be up-to-date with his payments. In case of delay in any payment the supplies under way may be interrupted or cancelled. If no payments has been received within the terms set up in the invoice, Artceram will be authorized to issue a sight draft for the total amount of its credit plus the relevant expenses. Any possible delay in the payment will result in the charge of interest at the market current rate plus 2%. In case of failure to meet one of the payment dates the seller will be entitled to demand immediate payment of all other invoices. Payment of all the invoices may also be demanded if the seller receives information about others circumstances which may indicate that the purchaser's financial situation is not sound (for example: issue of bouncing cheques, protested bills of exchange, attached proceeding).

DELIVERY TERMS, DELAYS OR OBSTACLES IN SUPPLY

When a delivery terms is stated, such term is given only for information purpose and is not binding since it is subject to any kind of contingency. Delivery is considered as being completed when the goods are available at our factory in Civita Castellana (Italy). Work stoppage resulting from act of God will exempt Artceram from the observance of the delivery term stated without giving the Purchaser the right to claim for any kind of damages. The goods shall always be collected and shall not remain in stock for any reason. Any stock or storage expenses or other costs will be charged to the Customer.

CARRIAGE

Except for particular condition, goods are delivered ex factory and travel at Purchaser's risk even when they are delivered free port of destination. Partial supplies and early supply are permitted. The cost of transport is at Customer charge. Shipment are made on behalf of the buyer. In case of damages, breakages and shortages, the buyer has to notify to our firm through the carrier at the moment of the delivery. The supplier is the owner of the delivered goods up to the due payment. Terms of delivery are subject to variations and depending to the possibilities of the moment. Our firm is not responsible for any delay or missing deliveries caused by any facts independent of our will and any claim for reimbursement for any delay that may occur in delivery will not be accepted.

PACKAGING

The packaging is made in pallets and shrink. The cost of the packaging is charged to the Purchaser, unless otherwise agreed upon as specified in the order confirmation. We charge of 3% for freights of packaging.

LIABILITY

Artceram gives no guarantee against the improper or wrong use of the goods supplied, consequently no liability may be imputed to it for any reason and no damages may be claimed for. Should the material be supplied turn out to be faulty for manufacturing defects being acknowledged after technical checks, Artceram reserves the right to replace it or to credit its value if the destruction on site of the goods is deemed to be more convenient. The liability of Artceram can in no case be extended to the direct and consequential damages which could result from the installation of faulty material.

COMPLAINS

No complain of any kind will be accepted after eight days from the receipt of the goods. Possible complains should be made through a registered letter within such term. In any case no objection will be accepted for already installed material.

TECHNICAL FEATURES AND COLORS

Artceram reserves the right to change the features of its products in order to improve them from the technical and aesthetic viewpoint or to interrupt the production of certain models in any time without notice. Weight and measures are given only for information purposes. Discrepancies may be found between the dimensions shown in the catalogues and the real pieces because of the manufacturing characteristics of the articles in ceramic.

COMPETENT COURT

Any dispute between Artceram and the Purchaser will be settled only by the Court of Viterbo (Italy), with no exception to such rule, even in case of summons for guarantee, consolidation of actions or lawsuit contingency.
